Summary

- **IMF announces a new investment of US\$13.5M to be funded from its US investment vehicle**
- **Aggregated with other recent investments this brings the total US investment vehicle funding to US\$46.75M**

US Fund Case 16

Global litigation funder, IMF Bentham Limited (**IMF** or **the Company**) announces that its United States investment vehicle, Bentham IMF 1 LLC (**US Fund**), has agreed to fund its sixteenth matter.

This new matter, USF16, involves the monetization of a patent infringement judgment won by US Fund's client, which is being appealed by the defendant. The US Fund has committed to fund US\$13.5M for this matter.

USF16 is a post-judgment investment. The risk profile, and hence potential returns are materially reduced from IMF's pre-judgment funding investment profile. The potential return from the investment will be sub-1x on Invested Capital, whilst a substantial portion of the potential loss upon a successful appeal is insured with "A" rated insurers.

In addition to this investment, the US Fund has recently provided funding for four additional matters.

Recent US Fund Cases

USF12 involves the funding of a trademark infringement case in a US Federal Court. The US Fund has committed to fund US\$1.15M for the matter.

USF13 involves the funding of a patent infringement case in a US Federal Court. The US Fund has committed to fund US\$3M for the matter.

USF14 involves the funding of a breach of confidentiality and misappropriation of trade secrets case in a US Federal Court. The US Fund has committed to fund US\$5.5M for the matter.

USF15 involves the funding of an anti-trust case in a US Federal Court. The US Fund has, subject to certain conditions and tranches, committed to fund US\$4M for the matter

This brings total committed funding amounts, since the inception of the US Fund in February 2017, to US\$46.75M.
