- a) This is IMF's current best estimate of the claims recoverable amount (or remaining recoverable amount if there has been a partial recovery). It considers, where appropriate, the perceived capacity of the defendant to pay the amount claimed. It is not necessarily the same as the amount being claimed by IMF's client/s in the matter. It is also not the estimated return to IMF from the matter if it is successful. No estimated claim value has been included for any contingently funded matters until all conditions are fulfilled.
- b) The expected completion period is IMF's current best estimate of when the case will be finalised. The case may finalise earlier or later than in the expected period.
2. IMF will continue to update the Portfolio on a quarterly basis.
